

TOMÁS MARENGO

SOFTWARE DEVELOPER

PROFILE

I am a passionate software developer with experience since 2021, committed to a proactive and self-taught approach. My main motivation lies in overcoming challenges and constantly expanding my professional experience. I enjoy working in collaborative and dynamic environments, where I can contribute with my skills and enthusiasm to tackle innovative projects that push technological boundaries, while always being open and willing to learn any new technology or concept that arises along the way.
